

Security | Reliability | Value

Proven Magicard security and reliability in a great value package.

If you want to print great quality cards, again and again and again, then the Magicard Avalon is for you. It's easy to setup and use, with all Windows drivers supplied, and will provide you with reliable printing for years to come.

The Magicard Avalon features our patented HoloKote™ and HoloPatch™ card security which protects your cards against unauthorized copying.

100 card capacity input hopper and 50 card capacity output hopper for batch printing.

Competitively priced high-quality color and monochrome ribbons.

MAGICARD

Avalon☆☆

Color ID Card Printer

Edge-to-edge full color printing

High quality 300dpi image, printed right to the edge of the card in 35 seconds.

option

Mag stripe encoding

Avalon 105 includes built-in magstripe encoder.

HoloKote™ is an anti-copying watermark across the entire card surface, that becomes visible when the card is viewed at an angle. With the Avalon, a standard design is printed.

HoloPatch™ works with HoloKote™ to produce a highly-visible gold seal on the card, printed using special card stock.
